**ANALYSIS:** (Attach a separate page if necessary)

This bill amends the crime of misconduct involving a controlled substance in the second degree, a Class A felony, to include possessing or delivering an immediate precursor of methamphetamine or providing a listed chemical, including pseudoephedrine in certain amounts, to another person for the purpose of manufacturing methamphetamine. It also makes it a crime to possess, purchase or deliver restricted amounts of pseudoephedrine, iodine, or crystal iodine. The Agency's operations will be fiscally impacted should this bill be enacted. The Agency has seen a recent increase in appointments concerning methamphetamine cases. In addition, making it a new offense, and a felony in some instances to possess, purchase or deliver restricted amounts of products containing pseudoephedrine, iodine, or crystal iodine will increase the caseload of the Agency, but the extent of the impact is not possible to predict with any accuracy, therefore an indeterminate fiscal note is submitted.
